

Orangewood Enrichment Program

Facilitated by Betty Clark

What is the Enrichment Program?

This resource program is designed to provide a challenge for high-achieving students who are working significantly above grade level and would benefit from enrichment beyond what is offered in the regular classroom. The enrichment curriculum will focus on more elaborate, complex, and in-depth study of major ideas, problems, and themes that integrate knowledge across the curriculum. It will stress higher-level thinking skills, creativity and excellence in performance and products. Students will work on developing skills in independent learning, thinking, research, and communication and demonstrate this by creating innovative projects and performances that reflect individuality and creativity.

Most importantly, students will be encouraged to refer to the Bible in order to discover how majestic our Creator truly is, and how much He loves them. The goal is for students to discover and develop the talents and gifts God has so graciously given to them. Because we are created differently, this program is designed to structure projects around all the students' interests.

Who is eligible for this program?

Students who:

1. Are in 3rd grade or higher
2. Have a total Battery score of 8 or higher on the Stanford Achievement Test.
3. Obtain and maintain high classroom grades.
4. Secure teacher's recommendation.

Students must maintain their classroom grades and display good conduct in the classroom in order to remain enrolled in the program.

Frequently Asked Questions

What is the cost?

The cost is \$845 per semester

How many students will be in each class?

Each group will have 7 or less students

How will students be grouped?

Students will be grouped by grade level. The number of groups will be determined by the amount of students that sign up for the program.

How are students evaluated?

Each quarter students will be given a written evaluation along with their report card.
