OVERVIEW
Orangewood Christian School's lower school program provides a strong project-based academic foundation. Primary students, grades K4-3, develop literacy skills through a phonics-based reading program that emphasizes quality literature, reading comprehension, writing, spelling, and grammar. Our enVisions math program is for grades K-5 and encourages students to think critically while making meaningful connections across content area. Our science program, grades K4-5 emphasizes hands-on on learning.

COMMUNITY OUTREACH AND OPPORTUNITIES
Students have many opportunities to impact the community. Each grade level chooses several community service activities to complete throughout the school year. Students impact the community through outreach such as Savannah Court, Orlando Children's Church, and The Clean the World Project. OVERVIEW

Because all students are created in God's image, loving and teaching students well is very important to us. The Middle school years are a time of transition and growth for students as they leave their Elementary years behind and prepare for a challenging High School academic program. In addition to the core academic classes, the students can choose from a wide variety of electives and after school opportunities as they begin to discover their interests, gift and talents. All curricular and co-curricular offerings are taught from a Biblical perspective.

SPIRITUAL DEVELOPMENT

Orangewood Middle School students have numerous opportunities to grow in Christ. Our students are involved in Bible classes, summer missions, and weekly chapels. They interact with teachers who deeply care for them as individuals and serve as mentors and Christian role models every day in the classroom.
